EXHIBITORS PLEASE NOTE

If shipments are sent by carrier directly to show site, please schedule the delivery date and time with Robinson Show Services and have all tracking numbers available on-site during move-in.
- When ordering Advance Warehouse, material handling is compulsory. If material handling is not included with the order, charges for this service will subsequently be added to the bill. In addition, it is highly recommended that Robinson Show Services provide post show service, to complement other freight services already in place. It should be noted that freight remaining on the show floor or left on the dock following the take-down of the event, will be collected and returned to Robinson's warehouse for storage. Additional post show and material handling charges may be applied, including a 30% late fee.
- Advance Warehouse order forms must be submitted to Robinson Show Services for processing prior to the shipment being delivered to the warehouse. Robinson Show Services reserves the right to decline any carrier delivering freight to the warehouse on behalf of an exhibitor, if the relevant paperwork has not been provided beforehand by the exhibitor, and full payment received.
- Exhibitors must pay full shipment and customs fees prior to shipping exhibit material to the Advance Warehouse or to the show site. Should exhibit material be shipped pre-paid, penalty charges of \$100 plus customs fees will automatically be charged to your credit card.

MATERIAL HANDLING

- Robinson Show Services offers material handling services for show materials. This includes off-loading from delivery trucks, transporting material to exhibitor booth locations, removal of empty crates to designated storage areas (maybe off site – note additional charges may apply for off-site storage), return of empty crates to booths at close of show and reloading on transport trucks.
- To place an order, please refer to material handling order form included in this manual.

STORAGE DURING THE SHOW

- Exhibitors can store a limited amount of empty cartons in their booth – this storage is restricted to under your skirted table only and not behind display material.
- Material handling service includes the placing of empties in the designated storage area. Exhibitors not ordering material handling services are responsible for removing and storing all empties - please label all empty crates before storing.
- If there is limited storage on the show floor and your company has not ordered material handling from Robinson, it is highly recommended that you consider using our storage service. Alternatively, it is the exhibitor's responsibility to make arrangements for your empty crates to be stored offsite.

To place an order, please refer to the storage order form included in this manual.

NOTE: if onsite storage is unavailable, additional charges may apply for offsite storage – this applies to all exhibitors procuring material handling.

POST SHOW

- We recommend that you order RSS post show services as this guarantees your exhibit material is secure at the end of the show. All exhibitors using this service will have up to 5 business days to make arrangements for your freight to be collected from RSS warehouse. If your exhibitor material is not collected during the stipulated time frame, storage charges will apply.
- Prior to leaving show site, it is the exhibitor's responsibility to affix labels, bill of lading and if applicable, a "customer commercial invoice" to your exhibit material. If the compulsory documents are not included and RSS office staff is required to contact the exhibitor to request the information, an admin fee of \$50.00 will apply.
- To place an order, please refer to the post show order form included in this manual.
- It should be noted; if your carrier does not collect your freight during the dismantle window, it is the responsibility of RSS to take and store your freight at our warehouse and charges will apply, (refer to additional terms and conditions for more information).

MATERIAL HANDLING - SPECIAL HANDLING INFORMATION

Company Name _____ Booth # _____

WHAT IS SPECIAL HANDLING?

Special handling applies to shipments that are loaded by cubic space and/or packaged to require additional labour or handling such as additional time, labour, or special equipment to unload, sort and delivery.

TYPES OF SPECIAL HANDLING

Ground Loading or Unloading

Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level.

Constricted Space Loading or Unloading

Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

Designated Piece Loading / Unloading

Drivers that require the loading crew to bring multiple pieces of freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.

Stacked Shipments

Shipments loaded in that require multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and or pallets constitute special handling.

Shipment Integrity

Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labour is needed to sort through and separate the various shipments on a truck for delivery to our customers.

Crated vs Uncrated Shipments

Crated shipments are packed in any type of shipping container and can be unloaded at the dock with no additional handling required. This includes crates, fibre cases, cartons and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting bars or hooks.

Mixed Shipments

Mixed shipments are shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant full uncrated rate for the shipment, but does require special handling.

Carpet only Shipments

Shipments that consist of carpet and or carpet padding only require special handling because of additional labour and equipment to loaded or unload.

No Documentation

Shipments from a small package carrier (including, among others, Federal Express, UPS, Airborne Express and DHL) without an individual Bill of Lading, require additional time, labour and equipment to process.

Alternate Delivery Location

Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver some of the shipments to different levels in the same building, or to other buildings in the same facility.
